Dear Ms. Xxxxx:

This letter is in response to your letter dated September 8, 1999. The nature of your letter and the information you have provided require that we respond with a General Information Letter, which is designed to provide general information, is not a statement of Department policy and is not binding on the Department. See 2 Ill. Adm. Code 1200.120(b) and (c), enclosed.

In your letter, you have stated and made inquiry as follows:

The COMPANY requests a written opinion as to the taxability to our customers on the purchase of the following items:

1. Metabolize and Save
2. Metab-O-Lite

They are both Dietary Supplements.

Enclosed you will find information regarding these items.

Thank you for your prompt attention to this matter.

Please find enclosed a copy of 86 Ill. Adm. Code 130.310 regarding the appropriate tax rates for food, drugs, medicines and medical appliances. As you can see at Section 130.310(b)(1), "[a] food is any solid, liquid, powder or item intended by the seller primarily for human internal consumption, whether simple, compound or mixed, including foods such as condiments, spices, seasonings, vitamins, bottled water and ice." A medicine or drug is "any pill, powder, potion, salve, or other preparation intended by the manufacturer for human use and which purports on the label to have medicinal qualities." See Section 130.310(c)(1). Under the above stated definitions, dietary supplements could be classified as food or they could be classified as drugs if the products purport on the label to have medicinal qualities.

Products that do not meet the appropriate definitions of food, drugs, medicines and medical appliances, or are food prepared by the vendor for immediate consumption, are taxable at the higher State sales tax rate of 6.25% plus applicable local taxes. Soft drinks are always taxed at the high rate. "Soft drinks" does not include coffee, tea, non-carbonated water, infant formula, milk or milk products, or drinks containing 50% or more natural fruit or vegetable juice.

The manner in which food is taxed depends upon the nature of the establishment that is selling the food. Retailers who provide seating or facilities for on-premises consumption of food generally incur tax at the high rate on all food sales (including bulk or grocery type items). However, if establishments sell both food that has been prepared for immediate consumption and bulk or grocery type items and also provide facilities for on-premises consumption, the lower rate of tax may be charged on the bulk or grocery type items only if the dining facilities are physically partitioned from the area where food not for immediate consumption is sold and these facilities utilize a separate means of collection of receipts. See 86 Ill. Adm. Code 130.310(b)(3).

If establishments have no seating or facilities for on-premises consumption of food, the tax rate incurred on food sales is determined by whether the majority (over 50%) are bulk or grocery type sales or are sales for immediate consumption. If more than 50% of all food sales are for immediate consumption, the retailer must charge the high rate on all food sales. If more than 50% of all food sales are bulk or grocery type items, all food sales are taxed at the low rate with the exception of hot foods, food that has been prepared for immediate consumption, alcoholic beverages, and soft drinks. See Section 130.310(a). Food for immediate consumption is defined in the regulation as hot food and food made ready by the retailer to be eaten without substantial delay after the final stage of preparation by the retailer.

I hope this information is helpful. The Department of Revenue maintains a Web site, which can be accessed at www.revenue.state.il.us. If you have further questions related to the Illinois sales tax laws, please contact the Department's Taxpayer Information Division at (217) 782-3336.

If you are not under audit and you wish to obtain a binding Private Letter Ruling regarding your factual situation, please submit all of the information set out in items 1 through 8 of the enclosed copy of Section 1200.110(b).

Very truly yours,

Melanie A. Jarvis
